

# 5th SPPS Early Career PI Meeting in Lund, Sweden

March 13-15, 2023

The Early Career PI (ECPI) network, supported by the Scandinavian Society for Plant Physiology (SPPS), will get together in Lund after a long CV19 hiatus. The network serves as a platform for the promotion of plant science in the Nordic countries and we invite starting and consolidating group leaders (e.g. Assistant/Associate Professors), as well as senior post-docs aspiring to start independent groups. The meeting will help to foster new collaborations among researchers focussing on all aspects of photosynthetic organisms.

The number of participants is limited to 40 people, so please register as soon as possible! **Deadline 13th of January, 2023!**

The registration is free\*, and food/drinks will be kindly supported by SPPS. To register, please send an informal registration request to [olivier.van\\_aken@biol.lu.se](mailto:olivier.van_aken@biol.lu.se), together with the completed registration form.

## **Tentative Program:**

### **Monday, March 13:**

18:00: Start of the meeting and get-together dinner

### **Tuesday, March 14:**

09:00-18:00 Scientific sessions and workshop on future challenges/opportunities

incl. coffee breaks and lunch

18:30 Dinner

### **Wednesday, March 15**

9:00 - 12:00 Round table discussions

12:30 Lunch

14:00 Farewell

Venue: Gamla Biskopshuset

We look forward to seeing you!
